MASTODON MOVING

FOR RESTORATION AND MITIGATION CONTRACTORS

CONTENTS PACKOUT FOR RESTORATION TEAMS

We clear affected areas so your crew can get to work, then handle contents cleaning, storage and return.

SERVICE AREA

Greater Boston and MetroWest

Residential and commercial properties

STORAGE FACILITY

191 Flanders Road, Westborough, MA

Monitored, climate-controlled storage

WHAT WE HANDLE

Pack out and protect

We pack, label and remove belongings from work areas, with custom crating for valuables as needed.

Assess and clean

We assess belongings after fire, smoke or water damage and clean what can be saved.

Store and return

We store belongings during repairs and arrange delivery back to the right rooms when the site is ready.

CONTENTS RECORDS

Inventory by room or area
See what was removed and where it belongs when it comes back.

Condition and salvage records
Condition photos and a separate list of items that cannot be restored.

Contents tracking
A record of where belongings go, from removal through return.

HOW WE WORK WITH YOU

1. **Agree on the handoff**
   Tell us which areas need clearing first, how to access them and when you need the space.
2. **Set a point of contact**
   Agree who gets updates and who will communicate with the property owner.
3. **Plan return delivery**
   We check with your site lead that rooms are ready before scheduling delivery.

PLAN A PACKOUT

Send the job address, type of damage, affected areas, access notes and when your crew needs the space.
